

# MANIFESTO

There is a **PURPOSE** in life and what we do by **GRACE**, echoes in eternity. For this reason:

Act beyond profit and success. Strive for **SOCIAL VALUE** and solve problems through **ENTREPRENEURSHIP**. Strengthen the good in this world. /// Take responsibility. Show civil **COURAGE**. At the decisive moment be brave. /// Unleash **CREATIVITY**. Delight in the beauty and seek simplicity. /// Be curious. Embrace your failure and take the **LEARNING** from your mistakes. Keep the pace and hold the line. /// Live and work in **FREEDOM** and fight for it. Grant self-determination to others. Respect the dignity of each individual. /// Never stop **PIONEERING**, never give up. If it hurts, smile and keep running. Always try to break new ground. /// Let yourself be **DRIVEN by the SPIRIT** and sail where the wind takes you. Bring forth supernatural solutions for the benefit of our society./// Never act alone, but always in a team. Consider **OTHERS** better than yourselves. Stand for each other. /// Commit to sustainability and think holistically. Be a bearer of hope and **HARBINGER** of the times to come.///
